REPLY UNDER 37 CFR 1.114

Applicants have filed this Request for Continued Examination for the purpose of perfecting priority claims recited in original transmittal papers filed with the subject patent application on August 18, 1998. More specifically, the attached Application Data Sheet references domestic priority information including the fact that this application is a continuation-in-part of US Application No. 08/676,517 filed July 2, 1996, which is a non-provisional of Application No. 60/017,403 filed May 14, 1996.

The Application Data Sheet also includes reference to a claim of foreign priority to Swedish Application No. 9601603.5 filed April 26, 1996. Although this application was referenced in the originally filed application transmittal papers, and the claim of foreign priority was acknowledged in an Official Filing Receipt, there was no reference to the foreign priority claim in the originally executed Declaration.

Respectfully submitted,

Kevin M. Farrell
